Ciprowin

125mg

Powder For Oral Suspension

Orange Flavor

CIPROFLOXACIN USP  
Ciprowin  
125mg  
Powder For Oral Suspension  
60ml

**Composition:**  
Each 5ml Contains:  
Ciprofloxacin (as HCl) ..... 125mg  
(USP Specs)

**Direction for Reconstitution:**  
To make 60ml suspension add 2  
measured cups (provided) of previously  
boiled and cooled water and shake  
gently. Add 3 more cups of boiled  
and cooled water and shake well.

Reconstituted suspension should be  
used within 7 days.
